One, two, three... And your **Renault** is **unique**.

Recharge your batteries

You can recharge your mobile or tablet here.

- Choose the locker suitable for your device.
- Open it and connect your device to the power cable.
- Close and lock the door.
- ... And don't forget your device at the end of visit.

You can relax in Renault's expert hands

Leave you vehicle here and we will take good care of it!

Justa few more seconds...

Your dream
as now
come true!

Renault innovations making life easier.

RENAULT making life easier.

R-Link 2

Simpler access to five modes: telephones, satellite navigation, connected services, vehicle functions, and multimedia.

One-touch

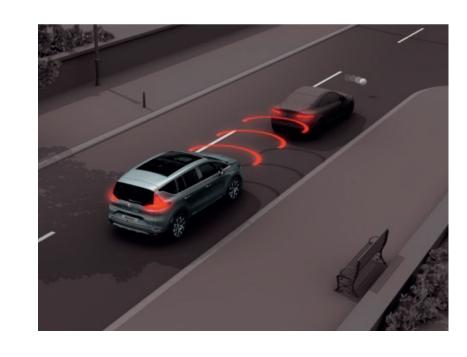

With One Touch technology, simplify the task of loading bulky objects.

Fold away the seats of your Renault using just one finger, to create a flat floor.

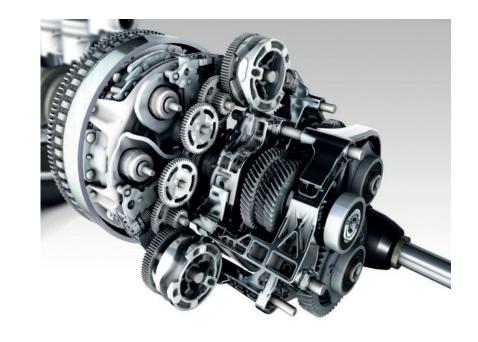

Hands-free card

The RENAULT hands-free card lets you open and start your RENAULT without having to get your key out of your pocket.
Useful when your hands are full.

ADAS

RENAULT advanced driver
assistance systems allow you to
take to the road in the safest
possible conditions.
These driving aids make for safe,
stress-free motoring.

EDC

Controlled consumption: in 6 or 7-speed versions, the Efficient Dual Clutch transmission brings added comfort, dynamism and responsiveness.

Point-of-sale communications

RENAULT pledges to improve your future.

30

RENAULT innovates to make your life better.

Z.E.

Dès 2011, RENAULT est le premier constructeur automobile à dévoiler et commercialiser une gamme complète de voitures électriques.
RENAULT s'inscrit dans la transition énergétique.

Eolab

The RENAULT Eolab prototype aims to achieve extremely low fuel consumption of 1 litre per 100 km, for a CO² emission of just 22 g per km. This feat is possible thanks to a ZE Hybrid technology.

Recycling

RENAULT is committed to environmental protection and includes in its manufacturing processes both recycled and recyclable materials.

Safety

The safety of motorists is a key preoccupation at RENAULT.
We work tirelessly to offer you maximum safety in our cars.

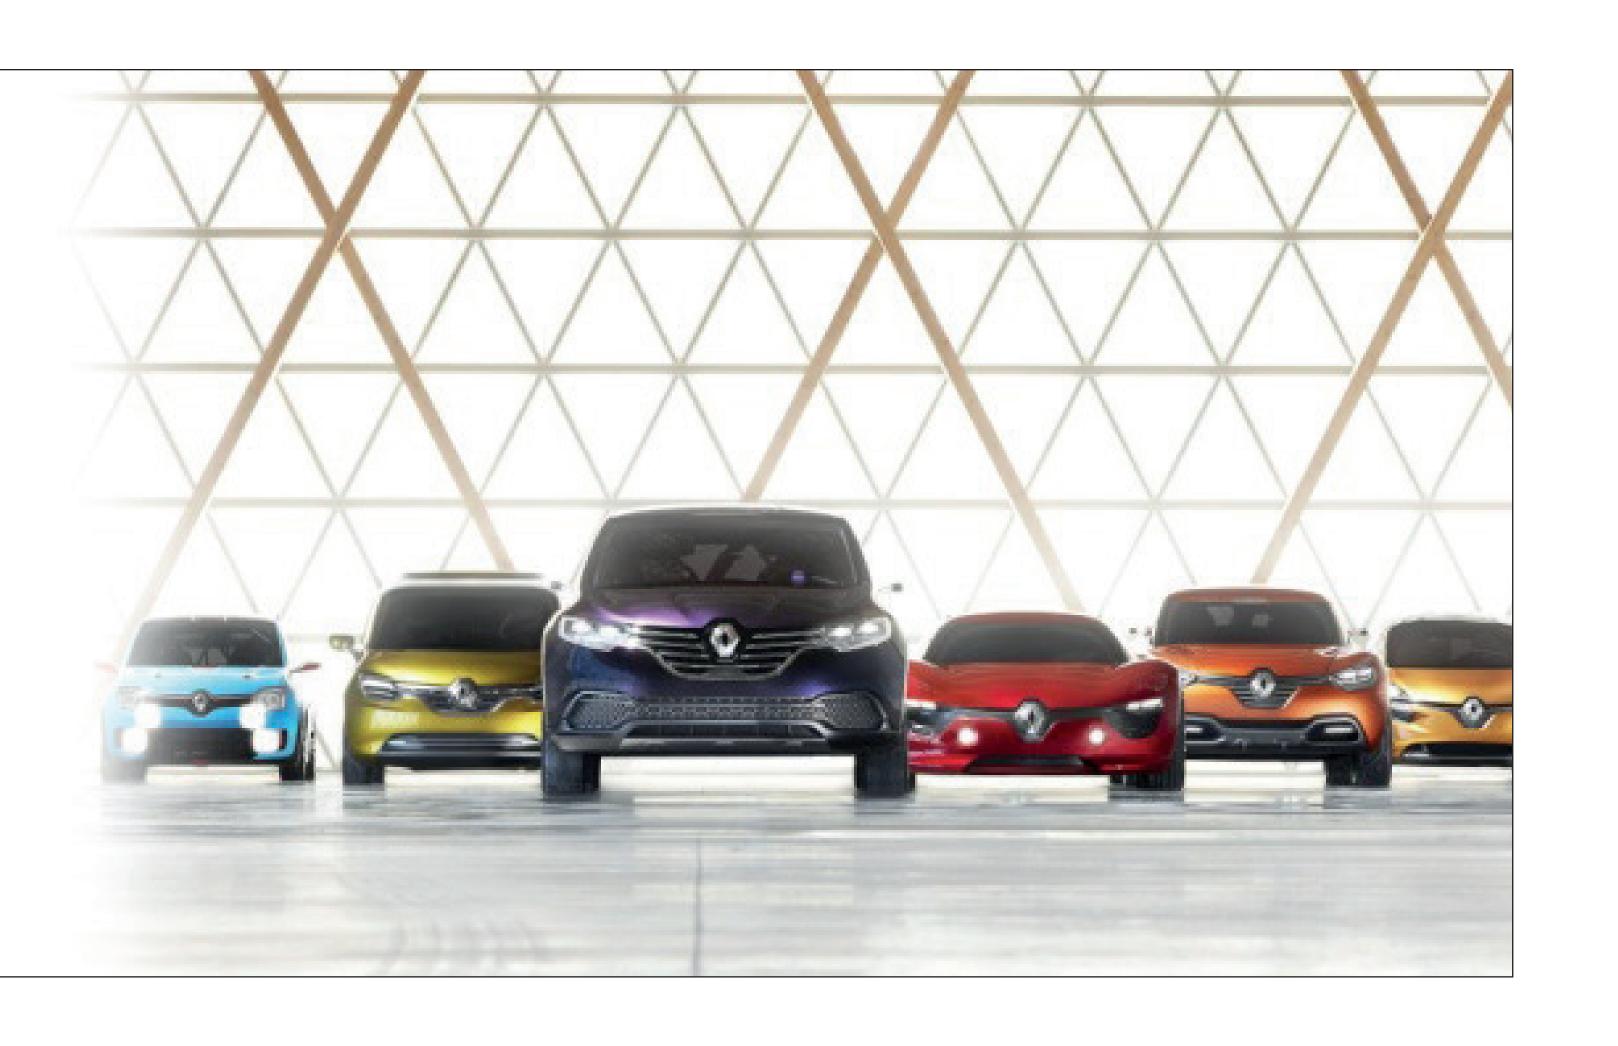

31

Next Two

The Next Two prototype is a vision of the autonomous car for 2020. It combines driverless operation and hyper-connectivity to free up motorists' time whilst improving their safety.

RENAULT is a human-centred brand.

It creates cars that correspond to the needs, aspirations and to stages of our lives.

Six concept cars developed between 2010 and 2013.

They symbolize the stages of life and they are founding elements of the Renault range as it undergoes renewal.

Dezir.
Falling in love.

A sports coupé with voluptuous forms and an electric powertrain. Dezir represents automotive passion and the commitment to design as a source of emotions.

Captur.
Exploring the world.

A sporty and sensual crossover to explore the world.
Captur's exterior design is an evocation of movement and athleticism. It draws its inspiration from the world of extreme sports.

R-Space.
Creating a family.

A sporty, welcoming and innovative MPV.
R-Space is innovative in its interior layout and styling, designed to meet the needs of modern families.

Frendzy.
Working.

Life is working too, symbolized here by the LCV.
Frendzy morphs at the weekend for family use.

Twin-Z et Twin-Run.
Taking time to play.

These twins embody a fun and sporty approach to the city compact.

Initiale Paris.
Attaining wisdom.

This large crossover expresses wisdom and open-mindedness. Initiale Paris embodies the best of the brand's know-how.
